# About Us

## The PTS (Process Technologies Services)

- A Libyan company specializing in inspection in the oil field, ports and ships, and the company provides excellent services that enable it to deal with all types of inspection and speed of processing for any work in a record time, fast and extremely accurate, and we have a cadre of specialized inspectors with high efficiency and extensive experience in all fields.
- The services offered are never off the shelf but perfectly tailored to the customer's needs.
- PTS supports production-related processes and contributes to their optimization.

# HSE Policy statement

Process Technologies Services Company (PTS) has the following priorities and prerequisites in conducting its business:

- The safety of staff during working operations.
- The health of (PTS) personnel, customers, suppliers and contractors
- Minimizing environmental impacts associated with its activities.
- Keeping the authorities and the public informed.
- Compliance with applicable legislation

# Quality

For better serving our customer, and ensure their satisfaction, PTS developed , and works with internal procedures that meet international standards according to :

- **ISO 9001** : Quality management systems
- **ISO 14001** : Environmental management
- **OHSAS18001** : Occupational health and safety management

# Our Services

# 1. Engineering Services

---

## ❑ Oil & Gas Industries :

- Flow Lines
- Gas Oil Separation Unit
- Liquefied Petroleum Gas LPG
- Storage & Flaring Facilities

## ❑ Energy:

- Combined cycle gas turbine plants
- Cogeneration systems
- Biomass
- Onsite tri-generation

# 1. Engineering Services

---

We offer engineering services for our customer in different field mainly in:

- Process engineers
- Mechanical engineers & designers
- Electrical engineers & designers
- Instrumentation and control system engineers & designers
- Structural engineers & designers
- Commissioning engineers
- Cost control engineers
- Projects manager engineers
- Site Coordinator
- Electrical technicians
- Scaffolding Supervisor
- Construction Supervisors
- Foreman
- Scaffolds
- Insulators
- Coded Piping Welders (SMAW / TIG)
- Coded Steel/ Structural Work welders
- Mechanical/ Electrical/ C&I Supervisors
- Mechanical technicians/ Mechanical fitters
- Pipe fitters
- Riggers
- Instrument technicians
- Mechanical skilled helpers
- Unskilled laborers
- Heat treatment machine operator
- Crane operator
- Forklift driver
- HSSE Supervisor
- Hydro test technician

## 2- Manpower Services

---

PTS provides a number of skilled engineering staff & Construction resources, including but not limited to the following

- Process engineers
- Mechanical engineers & designers
- Electrical engineers & designers
- Instrumentation and control system engineers & designers
- Structural engineers & designers
- Commissioning engineers
- Cost control engineers
- Projects manager engineers
- Site Coordinator
- Electrical technicians
- Scaffolding Supervisor
- Construction Supervisors
- Foreman
- Scaffolds
- Insulators
- Coded Piping Welders (SMAW / TIG)
- Coded Steel/ Structural Work welders
- Mechanical/ Electrical/ C&I Supervisors
- Mechanical technicians/ Mechanical fitters
- Pipe fitters
- Riggers
- Instrument technicians
- Mechanical skilled helpers
- Unskilled laborers
- Heat treatment machine operator
- Crane operator
- Forklift driver
- HSSE Supervisor
- Hydro test technician

# 3- Procurement Management

- Competition on our days is more intensive than ever, the resort for Low cost countries to procure needs a certain expertise on how to secure needed quality with competitive prices, need to mount a perfect supply chain to ensure in-time delivery with competitive costs
- Our network will help you on getting suppliers evaluation, knowing country laws and best practices to meet your strategic sourcing plan.

## 4- Quality Control, Inspection & Training

---

- PTS provides a wide range of services to clients within the Oil & Gas, Chemical, & Energy industries; working in partnership with other foreign company.
- Our field-support services include:
  - Calibration
  - NDT
  - HSE
  - Training
  - Inspection Services
  - Laboratory Testing

## 4- Quality Control, Inspection & Training

---

- In collaboration with foreign partner, PTS provides its customers a wide range of customized training services to their expectations and improvement and development needs. We are committed to delivering quality and excellent service to our clients.
- PTS Provides various fields of inspection and training as listed below:
  - Non Destructive Examination
  - Project Management
  - Safety, Health and Environment at work
  - Lifting & Electrical inspection
  - American Petroleum Institute Welding Inspection
  - Painting Inspection
  - Quality Management System
  - Pressure equipment
  - OCTG Inspection services

## 5- Industrial Units Installation, development & Maintenance

---

- For your infrastructure development, we provides Maintenance and new installation services.
- Our service includes the project management , project cost Management & Project Pacification
- Our range of services cover:
  - Civil work Inspection
  - Steel Structure
  - Mechanical Installation
  - Steel and Process Equipment
  - HVAC systems
  - Electrical Installations and Inspection
  - Steel Fabrication

# Our Services

- **Tubular, drill pipe and rig inspection service**

- Drill pipe inspection
- Bottom hole assembly (BHA).
- OCTG inspection.

# Our Services

- **Civil engineering inspection service**

- Concrete inspection
- steel structural inspection

# Our Services

- **Testing and pressure service:**

- Witness of pressure test
- Thickness test measurements

# Our Services

- **NDT inspection service**

- Visual and Optical testing ( VT ).
- Ultrasonic testing ( UT/PAUT ).
- Magnetic particle testing ( MT ).
- Dye penetrant testing ( PT ).
- Radiography testing ( RT ).
- Eddy current testing(ET).

# Our Services

- **Mechanical lifting equipment inspection service**
  - Offshore containers inspection.
  - Appliances, Mobile/overhead crane and forklift inspection.
  - lifting accessories inspection.
  - Proof load testing.

# PTS REPRESENTATIVE OF

- NACE International, the Worldwide Corrosion Authority, is recognized globally for the quality and high standards of its training and certification programs. NACE organization is focused on training through courses and certification activities and further advancing the corrosion profession.
- PTS Libya is a partner of NACE sub contractor by GLOBEACTIVE in the area of tray e.g. a d certification . PTS will offer NACE's education program SI Libya, to bring comprehensive educational courses to further the careers of corrosion profession also our area. In addition to NACE's world-class Coating section courses, PTS will offer NACE's Pipeline e, I terrify a d Cathodic Protection programs.
- In addition, the possibility of carrying out works related to cathodic protection and corrosion fields.

# Thank you
